

July 2018

Dear Alumni and Friends,

Last month marks the one-year anniversary of the re-formed Princeton Club of Dallas-Ft. Worth (PCDFW).

Our expanded leadership team and busy schedule of events got the attention of the Office of Alumni Affairs too. At reunions this year, PCDFW was honored with the John Maclean Award recognizing us as the most improved regional association. Congratulations to us!

As we begin our new fiscal year, I have one very important request: The quality of our events depends directly on dues. It may not be clear what you get in return for class dues, but dues paid to PCDFW mean that we can hold our events in nicer venues and plan even better activities. July is your last opportunity to have a perfect record as a charter member of PCDFW.

Please pay your dues today [on the website](#). Thank you! *(Unsure if you have paid? Check the website for a full list of dues-paying members.)*

We are already planning some special events for the months ahead:

Annual dinner (Thursday, September 27th): Our speaker will be visual arts professor, Jeff Whetstone. Professor Whetstone's reputation as a dynamic and thought-provoking lecturer precedes him, so we are in for a treat. Seating is limited. You can read more about Professor Whetstone's work for the [Lewis Center for the Arts](#) and the [Environmental Institute](#).

Tigerlilies performance and reception (Sunday, October 28th 3:00-5:00pm at the SMU Meadows Museum of Art): The Tigerlilies are coming to Dallas and we have a special evening planned. Prior to the reception, Museum Director Mark Roglan, will offer a private tour of the Dalí exhibit. Space is limited for this ticketed event.

Holiday Party: It might be hard to recreate the 70-degree temperatures of last year's festive taco and margarita party, but we will try! Watch your e-mail for details.

Dues-paying members receive a discount on all ticketed events. Watch your e-mail for invitations and make your reservations early.

Last but not least, I encourage you to get involved with our regional alumni association. We will need lots of help with alumni interviewing this fall, and the blitz interview day format makes it easy. Come for a morning or an afternoon and all of the logistical details are taken care of. We will feed you, and you can visit with other alumni in between interviews. It's a win-win.

Please contact me if you have any questions: bliss@alumni.princeton.edu

Sincerely yours,

Bliss Freytag Smith '87

President, Princeton Club of Dallas-Ft. Worth
